FOAM NECKTIE

Purchase the 8 1/2" by 11" pkg. of foam sheets from Michaels Crafts. Let each child pick out the color he wants for a necktie for Dad. Draw a necktie with a small loop at the top so it can be hung up later. Have each child use markers to decorate the tie, then write a Fathers Day message on it. Include the date/year too. This can be hung on the wall or a doorknob.

This is very cute, and the children will be very proud.
