FOAM PURSE

Purchase the 8 1/2" by 11" pkg. of foam sheets from Michaels Crafts. Let each child pick out the color he wants for a purse for Mom. Draw a purse w/handle on the foam sheet and cut it out. Have children decorate one side of the purse with markers and stickers. On the other side write a Mothers Day message of your choice. Also, write the date/year. The purse can be hung from the handle on the wall or even a doorknob.

This is very cute, and the children will be very proud.
