

Summer Book

This is a GREAT summer activity that School Age children can do by themselves.

Needed: 1" 3 - ring binders
page protectors
photos of your child care children

Some or All of the Following:

scissors
colored paper
rubber stamps and ink
stickers
stencils
markers
glue sticks
embellishments
any other materials you have to use as scrap booking

Children can use the above materials to decorate a page the same size as the page protector. Then cut photos of children to size and glue onto page. Embellish with stickers, rubber stamps, other embellishments etc. Place pages in page protector and put in 3 ring binder. Themes could include activities the children worked on during the year such as ABC's, dinosaurs, OR walks to the park field trips, going to the library etc.

The Parents will love this!
