***WANT TO PLAY IN THE MUD, BUT TOO COLD OUTSIDE?
TRY MAKING WHITE MUD AT THE CRAFT TABLE!!!!***

INGREDIENTS: 3 Rolls of toilet paper ---Have the Kids
tear up into pieces.
1 Bar of Ivory Soap----Grated
6 Cups of Water
Wax Paper, taped down for work surface.

DIRECTIONS: Mix all ingredients with little or big hands in
a deep bowl. Go ahead...It's fun!

Tape down that waxed paper. Now just let those little
hands and big imaginations soar. A nice addition of noo-
dles, wire, popsicle sticks, buttons, etc. make for some silly
creatures. Remember to be patient while its drying.

When dry, try painting or color with markers.

I know you had fun!!!
